

Policies and Terms of Service

Health and Medical Waiver

You ensure that any child brought to Digital Dragon is healthy enough to attend and if a child has any specific health needs, you will let us know what they are. Any situation that isn't an emergency but requires a parental decision will result in communication to the parent via the information parents have provided Digital Dragon. If emergency care is needed, you authorize Digital Dragon at its discretion to arrange for that care while keeping you informed to the best of our ability, given the context of the situation. You are responsible for any costs associated with any health care we seek on your child's behalf.

Photography and Video Policy

We take photos and videos of students while they're working on projects, we do this to share their experience with their parents, to show other families what our studio looks like and for social media, websites, marketing materials, advertising, and publicity. We may use social media such as Instagram, Twitter, Facebook, Instagram, YouTube, or other platforms, kids may do this themselves as well. You acknowledge that we can't control other kids' use of social media which may contain your child's likeness and/or social media information, you also give us permission to use all of these forms of publicity, without compensation to your family. We do not use last names to identify any of our students.
